Harshita Shrivas

Software Engineer (Digital Cadre) @tcs
Mumbai, Maharashtra, India

Summary

"The only way to do great work is to love what you do." - Steve Jobs
I've chosen my career in the field of computer science and engineering, As computers are part of just about everything that touches our lives...I ought to be part of this field. I'm a big coding and Tech enthusiast, Currently I'm working in TATA CONSULTANCY SERVICES as a SOFTWARE ENGINEER.

Taking about some Extracurricular Activities my hobbies are Teaching, sketching, singing, exploring new technologies, and many more. I've completed 5 years of immense training in Kathak dance form.
