Samrat Middha

Software Development Engineer @ Blinkit X Zomato | Ex-Software Intern @ FinRep.AI | IIT Roorkee
Mansa, Punjab, India

Summary

As a passionate software developer, I thrive on building scalable, impactful systems that solve real-world problems. I’ve worked on deployed products with 10,000+ users and have led a team of 50+ to deliver campus-wide digital services at IIT Roorkee.

I’ve gained hands-on experience across the entire product development cycle—from ideation to deployment—working on full-stack web apps, server-side infrastructure, machine learning models, and generative AI systems. I'm always eager to learn, build, and collaborate on meaningful tech.

Experience

Blinkit
Software Engineer
June 2025 - Present (1 year)
Gurugram

Finrep AI
Software Intern
January 2025 - April 2025 (4 months)

Information Management Group, IIT Roorkee
2 years 5 months
Chief Technical Coordinator
April 2024 - April 2025 (1 year 1 month)
Roorkee, Uttarakhand, India

Lead a team of 40 developers, managing 17 projects and ensuring seamless delivery of campus-wide services. Drive innovation by overseeing the entire development cycle, from planning to deployment, of all applications and services

Project Leader

April 2023 - April 2024 (1 year 1 month)

Roorkee, Uttarakhand, India

Project Associate

December 2022 - April 2023 (5 months)

Roorkee, Uttarakhand, India

Stormlight Synergies

Artificial Intelligence Intern

July 2024 - September 2024 (3 months)

Developed and optimized voice-to-text models for regional languages using OpenAI Whisper, improving speed by 20% and accuracy by 8%. Applied PEFT and LoRA to cut training time by 25% while processing 500+ hours of audio.

ITC Limited

KITES Intern

May 2024 - July 2024 (3 months)

Haridwar, Uttarakhand, India

IIT Roorkee Motorsports

Mechanical Engineer

April 2022 - November 2022 (8 months)

Roorkee, Uttarakhand, India

Education

Indian Institute of Technology, Roorkee

Bachelor of Technology - BTech, Mechanical Engineering · (2021 - 2025)
