Faiza Tahreen

SDE 1 @Flipkart | Developing Scalable Applications
Patna, Bihar, India

Summary

With over 3 years of dynamic experience in the software industry, I bring a robust skill set to the table, excelling in Java, J2EE, Spring frameworks, Web Services, Microservices, Bootstrap, and AWS technologies. My coding passion and commitment to innovation shine through in my mastery of Java, Spring Boot, MySQL. Proficient in tools like Jira, kubectl, Splunk, and Dynatrace and Git, I am not only a quick learner but also a collaborative team player, ready to contribute my adept problem-solving skills. In pursuit of a Software Developer role, I aspire to leverage my experience to deliver solutions that are both impactful and user-friendly.
