Chetana Mital

SDE @Microsoft | Ex-Intern @Propheus
Bengaluru, Karnataka, India

Summary

SDE @Microsoft | CSE graduate - PES University

Hi! I'm Chetana - A computer science graduate who recently completed a hands-on internship at an AI startup, where I worked with real-world datasets, LLMs, and agentic AI frameworks. It's been fun exploring how data and intelligent systems can be leveraged to solve meaningful problems.

At my core, I'm a curious and driven learner who thrives in environments where I can grow and stay on the edge of what's next in tech. I enjoy collaborating with others and contribute to impactful projects.

Open to connecting with fellow learners, researchers and builders in the tech space!
