Certifications

Learning REST APIs
Learning React.js

Prashant Sengar

Software Development Engineer 2 @ Amazon
Hyderabad, Telangana, India

Summary

Hi There! I'm currently working as a Software Development Engineer at Amazon. As part of my current role, I work on different internal tools on a day-to-day basis on Springboot applications deployed using CI/CD pipelines.

Previously, I have worked as a Software Engineer at Shell primarily - designing, developing and deploying REST APIs on a day-to-day basis using Mulesoft as the underlying technology.

Apart from my regular job, I work on different backend frameworks like Django, Flask and frontend libraries like React JS, Bootstrap and JQuery, trying to solve real world problems with projects one step at a time.

My interests and core strength include problem solving using Data Structures and Algorithms in Java/C++.

Experience

Amazon

4 years 9 months

Software Development Engineer II

April 2023 - Present (3 years 3 months)

Hyderabad, Telangana, India

Software Development Engineer

October 2021 - April 2023 (1 year 7 months)

Hyderabad

Currently a part of the CS-Nucleus team, I get to work on different internal tools from development till deployment. My day-to-day tasks revolve around working on springboot applications, designing solutions to address existing issues, resolving SAS risks.

Shell

Software Engineer

September 2020 - October 2021 (1 year 2 months)

Bengaluru, Karnataka, India

I worked as part of the API-Integrations team - designing, developing and deploying REST APIs using Mulesoft as the underlying technology. I also got my Mulesoft developer certification during the tenure of my role.

Uptec Consulting Limited,Lucknow

Summer Training Program

June 2018 - July 2018 (2 months)

Kanpur Nagar, Uttar Pradesh, India

A summer training program where I got the opportunity to learn GUI development using JavaEE. As a part of the program, I developed a student management system using Java Swings and Oracle DB.

Education

The National Institute Of Engineering, Mysore

Bachelor of Engineering - BE, Information Technology · (2016 - 2020)
