Madhur Saxena

Software Engineer at Blinkit x Zomato | Ex - Morgan Stanley
Bengaluru, Karnataka, India

Summary

Passionate about solving complex problems through technology, I thrive on designing scalable and efficient solutions. Currently working as a Software Engineer at Blinkit, I specialize in backend development. Beyond work, I have a strong track record in competitive programming, securing a top 7% global ranking on LeetCode and excelling in hackathons. I am always eager to collaborate, innovate, and push boundaries in the tech space. Let's connect!
