SDE 2 AT Microsoft | EX-Qualcomm
Hyderabad, Telangana, India

Summary

Our team at SmartSoC Solutions, collaborating closely with AMD, focuses on developing cutting-edge Audio Co-Processors, leveraging my background in Electronics and Communications Engineering from Manipal Institute of Technology. With expertise in Embedded Operating Systems and proficiency in managing Interrupts and Bootloaders, we strive to innovate within the embedded systems space.

Previously at Qualcomm, our contributions centered around enhancing firmware functionalities, where I embraced complex challenges and contributed to progress in embedded firmware. My educational foundation and hands-on experience shape my approach to problem-solving and drive for continuous learning in the rapidly evolving tech landscape.
