Usha Kumari

SDE 2 at Microsoft

Jharkhand, India

Summary

SDE-II with 5+ years of experience building and operating large-scale

cloud and infrastructure systems at Microsoft and Amazon. Strong background in distributed systems, CI/CD automation, and developer productivity tools with proven impact across multiple teams.

Experienced

in owning production releases, improving system reliability, and driving

automation to eliminate operational toil.

Experience

Microsoft

SDE 2

March 2024 - Present (2 years 4 months)

India

Amazon

SDE I

October 2021 - March 2024 (2 years 6 months)

Bangalore Urban, Karnataka, India

- Designed, created, and released two significant products using the Alexa skill template, which includes CI/CD. One Alexa skill template is hosted on Lambda, and the other is hosted on ECS, where I created everything from scratch, including stack formation in cloud formation, unit testing, integration testing, canary testing, and more.
- Worked on end-to-end testing and domain for CDK, AWS, and Alexa Skills.
- Worked on the technological side of Alexa Skill Experiences.
- Acquired practical knowledge of CDK and CI/CD.
- worked on the AWS Networking assignment, which is the most challenging thing at Amazon where I gained knowledge of the various VPC connection types and the operation of endpoint services.
- Created significant Alexa Skills for the platform

- Created tools to aid in the internationalization of resources using CDK and resource bundle files.

VerSe Innovation

1 year 3 months

Software Engineer

May 2021 - October 2021 (6 months)

- Created an API in PHP and tested it using Postman and Charles Proxy.
- Implemented "Adjust" (third-party program) to obtain install postback events.
- worked with CoreJS, a front-end technology.
- Performed a service migration from NetMagic servers to GCP.

Associate Software Engineer

November 2020 - April 2021 (6 months)

Software Engineer Trainee

August 2020 - October 2020 (3 months)

National Institute of Technology Jamshedpur

Chess Team Captain

May 2019 - June 2020 (1 year 2 months)
