Summary

I'm currently working as a Software Developer at SAP Labs India, with 3 years of experience in building scalable, full-stack applications. I'm proficient in C++, Java, Spring Boot, JavaScript, React, HTML, CSS, and SQL, with a solid foundation in operating systems (OS), object-oriented programming (OOP), and database management systems (DBMS). I have a strong background in competitive programming with a max Codeforces rating of 1747 (Expert) and a max CodeChef rating of 2018 (5★). In 2020, I was among the top 2000 global participants in the Facebook Hacker Cup, earning the official t-shirt. I hold an Integrated Dual Degree (B.Tech + M.Tech) from the Indian Institute of Technology (BHU), Varanasi, with a CPI of 8.76. I enjoy solving complex problems, optimizing systems, and diving into technical challenges, especially in areas like C++, Java, Spring Boot, system design, and backend architecture. I'm always keen to learn, grow, and contribute to impactful, engineering-driven teams.
